

Gryphon Europe launches the new C40 CR Custom Band Saw Machine, in line with the CE regulations.

This famous **Corrosion resistant C40** model is based on the C40 band saw machine as it was invented by Gryphon Corporation in the USA in 1976. It has new improvements. It is upgraded by Gryphon-Europe with a safety switch, which protects the user in case of current leakages and/or an unexpected start, after a Power failure.

Not only is the machine upgraded, also the Manual is upgraded. It is available in 4 languages; Dutch, English, French and German, only available for those who purchased this “**CE conformity**” model.

Special attention was given to the items Cleaning, Maintenance and environmental aspects.

For Salt water users other cleaning and Maintenance actions have to be carried out then for Glass artists.

The machine comes with an upgraded manual in the language of your choice, Dutch, English, French or German, A Declaration of CE conformity, If necessary for use in the customers country , a free outlet adapter, and a Safety goggle.

Worldwide, the best Band Saw machine of its kind!
